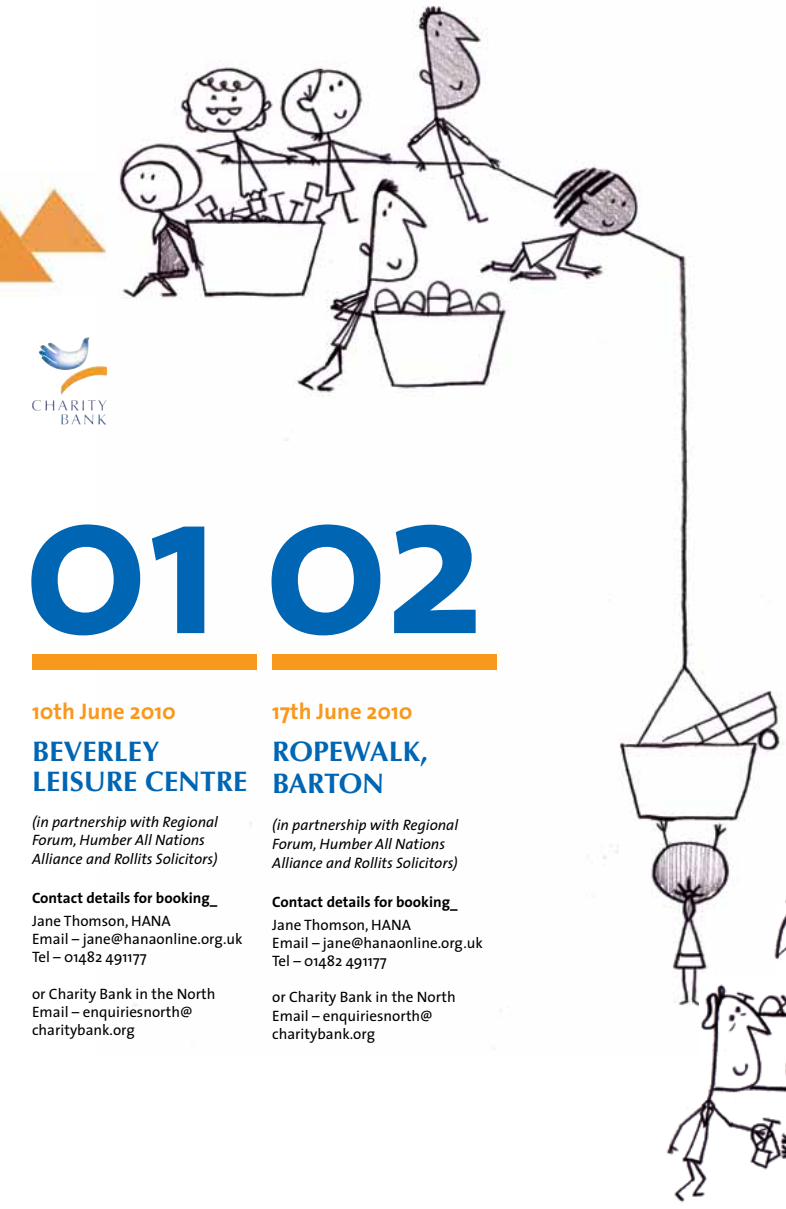
CHARITY BANK

If you've got your community building something special

we'll show you how to pay for the tools



CHARITY BANK

As a community group or social enterprise we know you're brilliant at getting people to work together and make a difference.

We're brilliant at helping you make your project self-sustaining and showing you how to raise (and pay back) the money you need.

The eight (completely free) workshops in this leaflet are open to anyone from charity or community groups who wants to learn about short and long term sustainability, and funding sources other than public grants and donations.

Charity Bank is the UK's only regulated bank that is also a registered general charity. We're the only bank that uses 100% of our depositors' savings to support charities, voluntary organisations and social enterprises that address society's needs.
